

# A Personal Transformation Prayer

Lord, We lift high Your Name, presence, and guidance that contains all the transformational power the world needs!

We praise You for coming alongside us, seeking and saving those who are lost, and allowing our changed hearts to partner with you as You build Your forever kingdom.

We humbly bow before you and repent of our wrongs, and ask that you will help us repay four-fold any wrongs we commit towards others.

May this transformation not only enable a closer relationship with you, but be a beacon of light to You for others to see.

Please help us to communicate complete heart metamorphosis as a witness of Your love and goodness to others. In the name of Jesus, Amen!
