

The Ultimate Christian Small Business Holiday Guide

**Presented by
Pray With Confidence**

About the guide

Hi! My name is Jessie Synan, and I'm the owner and founder of [Pray With Confidence](#), a blog that helps busy Christian women overcome prayer obstacles.

On our [Facebook page](#), where we are the most active (outside of our blog) I ask people for feedback from time to time. I also asked people on my email list. The response was overwhelming in October! Everyone kept asking me if there was a Christian gift guide.

So I searched and searched... and could not find one. So we created our own! Every company on here is a small Christian business that benefits greatly when you buy their products.

(We also only promote products we love!)

How to use the guide

As you scroll through the guide, there will be clickable links. The links will take you straight to the product. When you purchase a gift for a friend or a loved one, you're also helping a small Christian business! (Yes- even if the link takes you to Amazon!)

Note: Some of these links may be affiliate links. That means if you click on a product, we may make a small commission. That is at no extra cost to you. (We don't profit either- any profits go 100% to missionary efforts from one of our writers who is a missionary. For more information about Leanna Hollis and her work, [click here](#).)

If you have any questions, please do not hesitate to contact me at jessie@praywithconfidence.com. God Bless!

Searching for your identity?

Who you are and what you were created to do is a lifelong process. When you find your identity in Christ you are transformed and can begin anew!

This study will help you discover and understand your Christian identity individually or with a group.

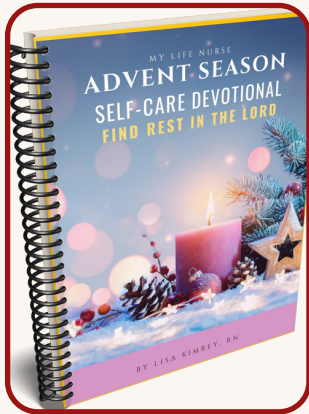

Searching for our identity...who we are and what we were created to do is a lifelong process. We sometimes try to find our identity in people or our vocation which leads to feelings of disappointment. When we find our identity in Christ we can begin anew. Jesus came to the world and provided a road map for us so that we can live in the peace, joy and freedom that He offers. In the midst of life's struggles, our souls crave peace and we seek assurances that we are God's chosen; His beloved children designed with a specific purpose. This Bible Study was created to help you discover and understand your Christian identity individually or with a small group.

This is the story of one faith-filled woman who, in 1987, saw a need, and raised a prayer. She was given one opportunity to invest in six HUD homes for the paltry sum of one dollar per unit. Her purpose was to offer sustainability to families in need. Connie Zimmerman convinced the Department of Housing and Urban Development, Realtors, and zoning officials to join her efforts to help the poor get off the streets.

When Love Isn't Love is a story about heartbreak, resilience, triumph, and the undeniable power of faith. I experienced a rollercoaster of emotions: anger, fear, joy, love and relief page after page. I saw myself in Lisa every time she wanted to scream or speak out but couldn't. I also saw myself in her when she found her voice. I was literally on the edge of my seat unable to put it down. I recommend this book to any woman who has ever struggled to be heard and to young women who are struggling to find themselves in an uncertain dating world where one misstep can land you in a battle over your own soul with real-life evil.

A romantic suspense novel about heartbreak, resilience, triumph and the undeniable power of faith.
